

Save A Watt, Give A Watt

With Milholland Electric
And Twende Solar

Twende Solar (Twende), a Portland-based nonprofit operated and supported by solar PV industry professionals, bridges the gap between renewable energy experts and underserved populations. Twende, meaning “let’s go” in Swahili, is indicative of the organization’s proactive capabilities and dedication to sustainable development worldwide.

MISSION

Empower energy-deficient communities by implementing renewable energy systems worldwide.

VISION

A world with sustainable energy for all is achievable. Renewable energy is the solution for eliminating poverty, strengthening economies, protecting ecosystems, and achieving a more equitable society.

HOW CAN YOU HELP?

Milholland Electric is partnering with its customers and Twende Solar to empower communities around the globe with “Save A Watt, Give A Watt”.

Any Milholland Electric customer that makes a donation to Twende Solar will enjoy a matching discount on their installation (up to \$250) from Milholland Electric Inc and receive a donation receipt from Twende Solar, a tax-exempt nonprofit.

Your home solar PV system can help power sustainable development worldwide. Talk with your Milholland Electric sales representative today.

Let's go solar, *together!*
